

Start

7:00

- Discussed the requirements assignment
  - We started the assignment
  - TA explained that we would be contacted if we get selected to present
    - Everyone will likely present at least once
  - Only 1-2 requirements actually needed
  - For questions on specifics, look at previous teams' documents
- Discussed meeting with the client
  - Explained the mock list of IoT devices
    - In process of finding vulnerabilities
- Asked about project webpage
  - The link given went to the wrong site
    - TA will ask the professor
